MARLETTE, **ORGANIC BAKING MIXES** FOR BREADS AND PASTRIES

✿ AUTHENTIC, HEALTHY AND DELICIOUS RECIPES ✿

It all began on the island of Ré. The secret to Marlette's mixes is the quality of their ingredients ; organic artisanal flours, whole sugars, and chocolate rich in cacao, hand selected with care for their taste, origin, and nutritive value. Artisanal flours such as buckwheat, spelt and whole wheat are handcrafted and sourced locally. The cane sugar is sourced from fair trade cooperatives, and the sea salt is collected from the salt marches of their native Island of Ré. Marlette has sampled, portioned, and chosen high quality ingredients to create their baking mixes. Simply add the butter and eggs for delicious homemade bread and pastries. Marlette also offers gluten free baking mixes..

Marlette's founders, Margot and Scarlett, are two sisters passionate about great food and healthy cuisine. Their culinary journey began by testing recipes on friends and family and sharing their love for baking. With the help of many talented friends from designers to cameramen, Margo and Scarlett created Marlette, a company that values quality by providing gourmet baking mixes that can be enjoyed at home.
